Our Free Palestine Coin Story.

Our leadership team has seen the increasing tensions in Palestine and is thoroughly passionate about the long term growth of Free Palestine Coin's value as we are about a charitable origination that thrives on positive impact and building towards our unlimited potential.

We place emphasis on complete transparency, sustainable strategic growth decisions, and innovative marketing campaigns that will ensure the world falls in love with Palestine as much as we do.

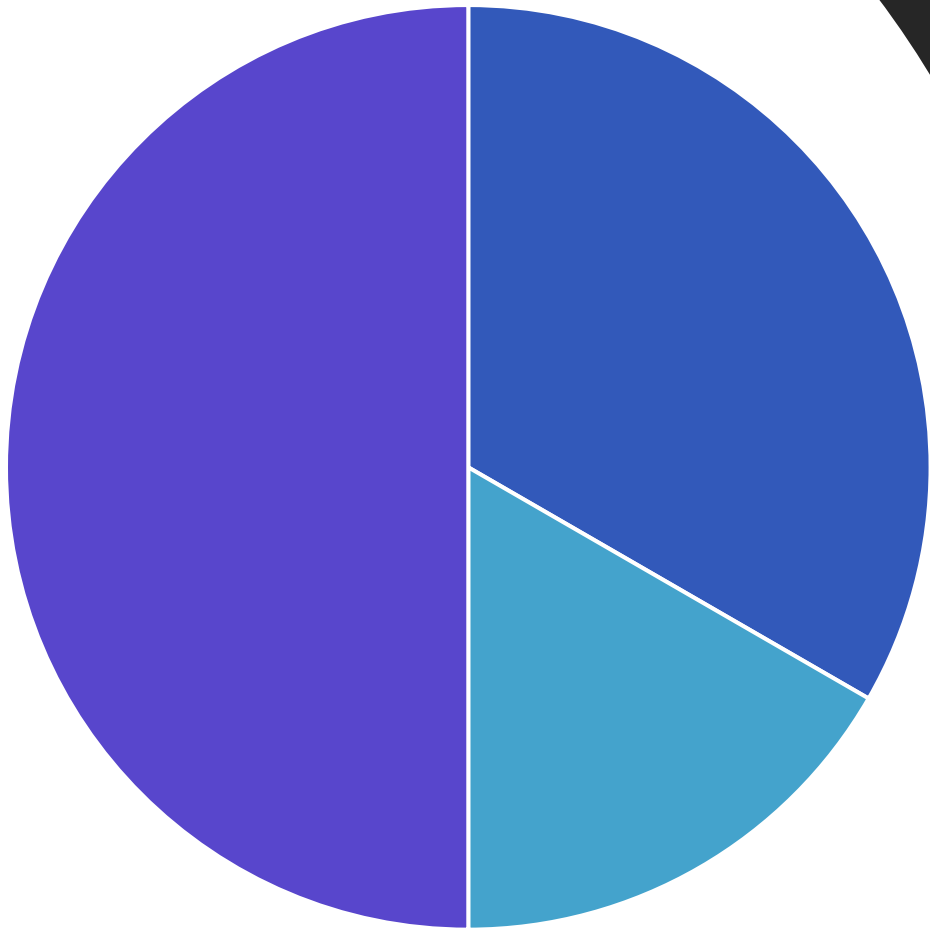

Pancake Swap

Pancake Swap is a Binance Smart Chain based Decentralized Exchange (DEX) for swapping BEP-20 tokens. Pancake Swap will allow the community the ability to exchange their BNB for \$PAL. \$PAL is a community-driven fair launch token. Yummy Coin holders share values and are a mission to Free Palestine together.

9% Transaction Tax

■ Locked LP Acquisition ■ Reflection ■ Charity

Token Summary & Tokenomics

Free Palestine Coin launched on May 18th, 2021 with a total supply of 21,000,000 PALs. To ensure our token benefits Palestinian charities and holders alike, every Free Palestine Coin transaction (purchased or sold) has an automatic 9% transaction tax.

Free Palestine Coin commits 3 simple functions with this transaction tax

2%- Locker LP Acquisition

1%- Reflection (Static rewards for holders)

6%- Palestinian Charities

Automatic Charity Swap

Free Palestine Coin is among first deflationary tokens to utilize the Binance Smart Chain that automatically swaps charity wallet fund for BNB after every transaction to ensure complete transparency and security against dumping of charity funds

We place emphasis on complete transparency, sustainable strategic growth decisions, and innovative marketing campaigns that will ensure the world falls in love with Palestine as much as we do.

Marketplaces

Free Palestine Coin has plans to create 3 marketplaces and a mobile wallet application

- Charity Marketplace
- NFTs
- Free Palestine Merchandise
- Mobile wallet with ability to sell, trade and exchange \$PAL for cash or crypto

We will be integrating a payment processing system that allows holders to pay with \$PAL or Debit/Credit Card. A portion of the sales will go to Free Palestine Coin Charitable donations wallet.

Utility

We understand that utility of cryptocurrency can be challenging however we will be working on projects, such as the mobile wallet and looking at all possibilities to increase the abilities of holders to use their \$PAL for purchases and donations.

Roadmap

Our roadmap includes some of our major plans with estimated dates of implementing them. For detailed information about the future of Free Palestine Coin, we recommend reading the complete whitepaper.
